Mr. Richardson recommended the discontinuance of the Grand Consistory of Japan, and that the charter of a particular consistory be issued in its place. This action is predicated upon the idea that the bodies in China and Japan should make their reports direct to the secretary-journal.

Upon the subject of free scholarships in certain institutions of learning he urged the supreme council to make provision for the appointment by each of the inspectors of at least one pupil for his jurisdiction, "who should receive a free scholarship in the institutions advertising in the organ of the rite, "The New Age."

The twenty-fifth anniversary of St. John's Orphanage was ce'ebrated yesterday afternoon by a special service at the close of the regular evening prayer.

After the reading of the allocution, the council took a recess. Prominent Masons There.

Paid for Out of Bonds.

"In the Representatives' own cities extraordinary appropriations, such as the \$1,900,000 asked by the Board of Eduation for the physical improvement of public schools, are not paid out of current revenues, but out of the proceeds of bonds. Obviously, no municipality could pay for extraordinary improvenents and current expenditures out of urrent revenues without confiscatory

"Here we cannot issue bonds, and do not need to. We can borrow from our artner, the United States, who has the ustody of our tax money and the conrol of all appropriations. This is what ve have done for the past six years, paying 2 per cent on the advance, made from the Treasury. But, unfortunately, he advances have not been charged up the extraordinary appropriations and kept separate on the books of the Treashat the current expenditures have been ut in the attempt to make us pay for extraordinary improvements and current expenditures together. Six more "buzz car" enthusiasts today contributed \$35 toward the support of the Police Court.

Officer Lake stopped Dr. O. H Woods, of Stoneleigh Court, while the latter was traveling at the rate of seventeen miles an hour along Connecticut avenue. He paid \$10. Forrest Stewart, driving a machine for the Washington Electric Light Company, was arrested by the same policeman on a similar charge. He forfeited \$10.

Horace Stanford and Ralph Burgess were arrested by Officer Brown for the illeged violation of the speed law and each required to put up a \$5 collateral, which was forfeited.

Officer McWade stopped two automo-offices about dusk last evening for failing to have proper light on their ma-chines. Leonard Dorsett and William Pearson, the two men arrested, were driving along Fourtenth street without having the lights on their machines so as to show the license number. They

Henry Isemann, a motorman, forfeited \$5 for violating the speed law. He was arrested by Officer Foley, of the Tenth precinct, yesterday, for running the car at a speed of twenty miles an hour along Columbia road.

50c chiffon Tokio silk at 29c yd.

We designate Tuesday because we do not think a yard will be after tomorrow—judging by the number of yards that have been left after tomorrrow—judging by the number of yards that have been sold today.

This Chiffen Tokio Silk is about the most practical fabric to buy fon either street or evening gowns.

That we can sell it for 29c a yard is due to the feet that the makers find the advance price of raw slik too high for them to produce this Tokie Silk to sell at the advertised price of 50c a yd.

This Chiffon Tokio Silk is almost all silk, the other part being Egyptian Cotton, which gives to the fabric its firmness and body.

WHY HEURICH'S BEERS SHOULD BE YOUR BEERS

GUARANTEED UNDER THE FOOD AND DRUGS ACT, JUNE 30TH, 1906. SERIAL NUMBER 2801.

WASHINGTON, D.C.

OULD you acquaint yourself with the methods employed at most breweries, then see how faultlessly Heurich's Beers are produced, you'd readily recognize the wisdom of patronizing places that serve MAERZEN, SENATE AND LAGER. Brewing science provides no safeguard for purity which is not employed at Heurich's. Cleanliness guides every process—the very air in which MAERZEN, SENATE and LAGER are cooled is FILTERED. Months are consumed in maturing the beers. After entering the glass-lined aging vats there is no chance for air or germs to contaminate these beers. They are forced through hermetically sealed pipes into steam-STERILIZED Kegs and bottles. That's why it's so important that you get the BREWERY BOTTLING.
